

# SRI VINAYAKA

READY MIX CONCRETE  
BLUE METALS | CONCRETE BLOCKS

## ABOUT US

**SRIVINAYAKA** is a leading construction materials manufacturing company based in Palladam, Tiruppur District, Tamil Nadu. Serving the industry since 1990, we deliver high-quality products using the best materials and advanced technologies. Our mission is to build long-lasting foundations and achieve complete customer satisfaction.

## SRIVINAYAKA RMC

**SRIVINAYAKA RMC** delivers premium-quality, fresh Ready Mix Concrete produced in a fully automated, computerized batching plant. With twin-shaft mixer technology and a well-equipped quality control lab, we ensure accurate, consistent and high performance concrete for every project.

### **SINGLE CONCRETE PLACEMENT RECORD**

**One Batching Plant      15 Millers      One 36 Meter Boom Pump**

- First Record:** Successfully achieved a massive **1,980 m<sup>3</sup>** continuous concrete pour within just **72 hours** - a first-of-its-kind benchmark in the region.
- Second Record:** Delivered **1,452 m<sup>3</sup>** of concrete placement in a swift **36-hour** window, showcasing our ability to meet aggressive timelines without compromising quality.

# SELVA VINAYAKA BLUE METALS

**SRIVINAYAKA** specializes in mining and crushing aggregates from our own quarry using a complete 3-stage plant - Primary, Secondary and VSI M-Sand.
